October 3, 2014

Dear Fellow Pasco County Citizens,

As the new County Extension Director, it is my pleasure to welcome you to Pasco County Cooperative Extension. As a part of The University of Florida's Institute of Food and Agricultural Sciences and Pasco County Government, Cooperative Extension is a collection of services available and relevant to every single citizen. From horticultural programs for homeowners with gardens and lawns to commercial growers, we work to enhance and protect the environment and encourage competitive and profitable horticultural businesses; 4-H activities that prepare our youth to be responsible citizens and productive members of the workforce; consumer and family sciences poised to empower families to build healthy and happy lives through nutrition and money management education; and livestock and animal resources for farm and rural community improvement, *your Cooperative Extension agents* are here for you and your community. Please take time to explore our site, stop in or call our office, or email. We have "*Solutions for Your Life.*"

Sincerely,

A handwritten signature in cursive script that reads 'Whitney'.

Dr. Whitney Elmore
