

# Christmas Tree Recycling

Help the environment—return your tree to the earth.

It's that time again for Pasco County residents to recycle their Christmas trees. After the holidays, remove all tinsel, metal hooks and decorations from your Christmas tree and drop it off at one of the following locations during normal business hours. Do this from December 26, 2008, through January 5, 2009. The trees will be chipped and made into mulch for landscaping purposes.

**Please, CURB YOUR BLUES!** You can recycle from the convenience of your home. Put your recyclables in blue bags and put the bag out on the curb for your regular blue bag pickup (check with your garbage hauler for your blue bag schedule). You can recycle metal food cans, aluminum cans, clear, green and brown glass bottles and jars, and plastic containers coded #1 and #2.
